TECHNICAL DIVING INTERNATIONAL (TDI)

TDI ADVANCED NITROX AND DECOMPRESSION PROCEDURES DIVER COURSES

The Advanced Nitrox and Decompression Procedures programs are best run together transitioning skills and knowledge from one program into the next and delivering superior outcomes as far as safety is concerned.

Introduction: (Advanced Nitrox)

The course examines the use of EAN-21 through to 100% oxygen for optional mixes to a depth of 40 msw (Metres Sea Water). The objective of this course is to train divers in the benefits, hazards and proper procedures for utilising EAN-21 through to 100% oxygen for dives not requiring staged decompression.

Student Pre-Requisites:

- Be a minimum age of fifteen (15)
- Have a minimum certification of TDI Nitrox or equivalent
- Show proof of twenty five (25) logged open water dives
- If this course is taught in conjunction with TDI Decompression Procedures Course, then the minimum age is eighteen (18)

Introduction: (Decompression Procedures Diver Course)

This course examines the theory, methods and procedures of planned stage decompression diving. This program is designed as a stand alone course or it may be taught in conjunction with such TDI courses as Advanced Nitrox. The objective of this course is to train divers how to plan and conduct a standard staged decompression dive not exceeding a maximum depth of forty five (45) msw (Metres Sea Water). The most common equipment requirements, gear set-up and decompression techniques are presented. Students are permitted to utilise EANX mixtures or oxygen for decompression provided that the gas mix is within their current certification level.

Student Pre-Requisites:

- Be a minimum age of eighteen (18)
- Have a minimum certification level of Advanced Open Water diver with Deep Diver as a specialty
- Show proof of twenty five (25) logged open water dives with a minimum of 6 of these dives to depths exceeding 18 metres

Course Timetable:

- Theory evening – 3 theory evenings
- Dives – 4 full days of diving

Cost: \$985

Deposit required: \$400
