## WELCOME TO THE ISLANDS OF TAHITI

After a one night stay in Papeete we head to Fakarava ; a sanctuary of water & land with pristine beaches and abundant sea life. A designated UNESCO biosphere reserve Fakarava is one of the largest lagoons in the world and its rectangular reef encloses & protects a rich ecosystem. FAKARAVA is home to two notable passes that feed into the lagoon.

Garuae Pass is located to the north and is the widest navigatable pass in french Polynesia. The second is Tumakohua Pass, located on the south side it is home to a narrow valley known as Shark's Hole. Expect a dive heavily populated with lemon, whitetip, black tip and hammerhead sharks.

Your stay in Fakarava is at Havaiki Pearl Lodge, set on a breathtaking stretch of sand just north of the main village of Fakarava, Rotoava. This intimate retreat offers authentic bungalow accommodations with modern design, beautiful views of the sunset over the lagoon, freshly caught and locally sourced meals and authentic Polynesian charm.
